

GO DEEPER WHEN YOU ORDER CPIC CRIMINAL BACKGROUND CHECKS

NEW — now you can add a current **Canadian Police Certificate** on your search subject for just **\$20** when you also order our **National and Enhanced Criminal Background Check** bundle.

Also known as a Police Clearance Certificate, the **Canadian Police Certificate** shows whether an individual has a past and/or current criminal record. If so, a copy of that record is included with the certificate.

Police certificates are increasingly used to help determine if someone is a potential security risk and are a useful enhancement to details found in **National and Enhanced Criminal Background Checks** sourced through the Canadian Police Information Centre (CPIC).

To add a Canadian Police Certificate, just request it along with your Criminal Background Check order.
